

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking to Implement the  
California Renewables Portfolio Standard  
Program.

Rulemaking 04-04-026  
(Filed April 22, 2004)

**ADMINISTRATIVE LAW JUDGE'S RULING  
GRANTING EXTENSION OF TIME**

This ruling grants San Diego Gas & Electric Company's (SDG&E's) request for an extension of time for the submission of briefs in this proceeding.

In the scoping memo issued on December 16, 2004, four issues were identified for immediate briefing: 1) participation of Electric Service Providers and Community Choice Aggregators in the Renewable Portfolio Standard (RPS) program; 2) participation of small and multi-jurisdictional utilities in the RPS program; 3) treatment of Renewable Energy Credits associated with generation from Qualifying Facilities; and 4) refinement of reporting requirements, including issues relating to line loss. On these issues, the scoping memo set briefing dates of January 10, 2005 for opening briefs and January 20, 2005 for reply briefs.

SDG&E requests that these briefing dates be changed, with opening briefs due on January 18, 2005, and reply briefs due January 28, 2005. Pacific Gas & Electric Company, Southern California Edison Company, The Utility Reform Network, and the Alliance for Retail Energy Markets expressed support for SDG&E's request. After consultation with the Assigned Commissioner's Office, SDG&E's request is granted.

**IT IS RULED** that:

1. San Diego Gas & Electric Company's request for an extension of time is granted.
2. Briefs on the first four issues will be due on January 18, 2005.
3. Reply briefs on the first four issues will be due on January 28, 2005.
4. The granting of this extension does not alter any other timeline in the December 16 scoping memo, nor will it delay that overall timeline.

Dated December 21, 2004, at San Francisco, California.
